# About IIM Sirmaur

### Established in 2015

“To develop and foster professionals with competencies in creating and leading future-oriented solutions for sustainable growth adhering to the highest standards of ethical and human aspects of work in Himachal Pradesh, India, and the world.”

The Indian Institute of Management Sirmaur (IIM Sirmaur) is a premier management institute located in the picturesque town of Paonta Sahib in the state of Himachal Pradesh, India. Established in 2015, IIM Sirmaur is one of the newest additions to the prestigious Indian Institutes of Management (IIMs) network. In addition to its flagship two year MBA programme, IIM Sirmaur also offers a two year MBA in Tourism and Hospitality Management and a cutting edge Fellowship Programme in Management. The institute also offers a wide range of executive education, faculty development, and management development programmes.

IIM Sirmaur is committed to providing its students with world-class management education that is grounded in practicality and relevance. The institute has a strong focus on experiential learning and provides its students with numerous opportunities to apply their knowledge to real-world business challenges through internships, case studies, and live projects. Faculty members at IIM Sirmaur use a fine mix of lectures, case studies, simulations, and projects to bring out the very best in the students. The learning in the campus is ably facilitated by state-of-the-art infrastructure that includes fully air conditioned classrooms, a modern library, access to various scientific and business databases and resources, discussion rooms, a fully equipped gym, and a wide variety of sports facilities among other resources.

The institute strives for the seamless integration of management education with current industry requirements. The students are actively encouraged to participate in various business competitions, seminars, conferences, and colloquia to further their subject knowledge and stay current with the latest trends in management. In addition to providing students with best in class academic inputs, IIM Sirmaur seeks to inculcate a spirit of entrepreneurship and social responsibility. Our students actively participate in liaising with NGOs and organizing street plays and other events to spread social awareness since management education is not just about seeking the most competitive employment opportunities, but also about learning to serve socio-economic concerns through ethical and visionary corporate leadership.

Overall, IIM Sirmaur is a dynamic and forward-thinking institute that is dedicated to producing the next generation of leaders in the field of management and encouraging the adoption of innovative and cutting edge management practices to develop sensitive corporate leaders and entrepreneurs of tomorrow.

# Director's Desk

Greetings from IIM Sirmaur!

Welcome to the recruitment process at IIM Sirmaur. I have a great pleasure in offering the eighth batch of MBA Programme and the third batch of MBA (T&HM) Programme to you all. These batches comprise of young, ignited and highly motivated minds with diverse qualifications and experiences ranging from arts to engineering.

The business environment all over the world is going through a turbulent period – competition is intense, product life cycles are shortening, innovations and intellectual property are the buzz words, national boundaries have become meaningless, and the whole world is fast moving towards one single homogeneous market with the traditional forces like culture and nationalism becoming obsolete and meaningless. The rules of the game have changed!

We at IIM Sirmaur acknowledge these changes. Our MBA programmes are designed to convert these bright young participants into well-groomed corporate professionals who will steer organizations through this turbulent and dynamic period. The pedagogy at IIM Sirmaur has a strong focus on building analytical and problem-solving skills and aims at facilitating learning in a cross-cultural environment. We are developing student-exchange programmes with leading B-schools across the world. The exchange programmes shall offer an opportunity for students to study the socio-cultural and commercial diversity in different parts of the world.

The details of each of these ignited minds are given in the subsequent pages. I am sure you will find their credentials amazing and would certainly like to meet them in person. My team at the Placement cell shall soon call on you. I promise to offer the finest recruiting experience to you. If you have any specific requirements that need my intervention, please do write to me at [director@iimsirmaur.ac.in](mailto:director@iimsirmaur.ac.in). I look forward to personally welcoming you on the campus as our guest!

Happy Recruiting!

Warm Regards,

**Dr Prafulla Y Agnihotri**

Director and Professor of Marketing Strategy

# Chairperson's Message

Dear Recruiter,

Warm Greetings from IIM Sirmaur!

It gives me great pleasure to introduce the eighth batch of our MBA program on behalf of the IIM Sirmaur Placement Team. IIM Sirmaur imbues the MBA students with a comprehensive understanding of the corporate world. Aside from learning about management concepts, industry professionals also nurture students and are given a thorough grasp of the businesses by current practitioners. Live projects completed by the students, additionally to the course curriculum supplement this.

It's overwhelming to see the response the first seven batches have received from recruiters in IT Consulting, Sales and Marketing, Operations, etc. This only reinforces the trust reposed by the recruiters in the unique course by IIM Sirmaur. The pedagogy case study method supported by a team of high-calibre faculty and a tight-knit learning environment with close ties to the industry makes our graduates not just industry-ready but also moulds them to make an impact.

The batch consists of 246 individuals from various backgrounds undertaking intensive academic instruction and additional obligations. Aside from their academic commitments, the students are members of several organizations, committees, and interest groups, and they actively participate in business contests and other corporate engagements with industry luminaries. They are ready to tackle complex organizational and business difficulties through the practical problem-solving pedagogy of management school. I am confident they have learned the necessary business acumen and decision-making leadership abilities to contribute value to any firm.

As Placement Chair, it is my privilege to invite you for placements at IIM Sirmaur, and we very much look forward to partnering with you in the future.

Regards

**Bhavin Shah**

## Ranking

IIM Sirmaur Ranked 5th among the Emerging Business Schools in the Country by NHRDNShine.com Annual Survey of Business School Ranking in India (2018-19)

IIM Sirmaur holds the distinction of being led by first-ever women Director of an IIM, and has made good progress in developing students holistically, while also striving for increased corporate connectedness.

The 6th edition of NHRDN-Shine.com Annual Survey of Business School Ranking in India (2018-19) has ranked IIM Sirmaur among the 5 Emerging Business Schools of the Country. The survey defines emerging Business Schools as those Business Schools which are yet to complete 5 Years since their foundation, performing well and doing good work for their larger audience.

# Infrastructure

IIM Sirmaur offers its students excellent educational and recreational infrastructure. Educational resources such as a state-of-the-art library, online databases, and fully equipped classrooms enable the students to make the most out of the robust teaching approaches adopted by the faculty. During their spare time, students also get access to a variety of recreational facilities that help them sharpen their mind, body, and spirit. We list below a few of the excellent facilities our students have access to.

The library of an institute is considered to be an essential element for the growth of an institute as it serves as a platform for the students and faculties to constructively participate in the process of knowledge consumption and knowledge creation. IIM Sirmaur in its endeavour to become an elite management institute is focused on developing a state-of-the-art library.

- 24x7 access to the spacious, air conditioned, well -furnished in-house library
- Well-equipped with print and electronic resources to aid academic preparation including e-books, e-journals and full-text online databases etc.
- The infrastructure facilitates group discussions as well as private study
- Availability of research reference tools such as Grammarly, Turnitin, IBM SPSS Statistics, IBM SPSS AMOS, NVivo, JSTOR, Proquest, Scopus, etc to the students

## DATABASES

Our pioneering tech computer lab with the latest software bearing state of the art hardware ensures a seamless learning experience for the students. The institute offers students access to a wide variety of databases and educational resources such as:

- ABI/INFORMS: Collection includes thousands of full-text journals, dissertations, working papers, country-and industry-focused reports. Its international coverage gives a holistic view of companies and business trends around the world
- ACE-KP, ACE-MF, ACE-Equity: The knowledge portal is an online database that provides data on Indian companies, industries, mutual funds and macroeconomics
- Ebrary: It is an online digital library that has more than 1,00,000 scholarly e-books
- EBSCO host: An intuitive online research platform with quality databases and search features. It offers high-quality articles licensed from reputable publishers recognized by library professionals
- Press reader : A digital newspaper with more than 1,000+ newspapers and magazines from around the globe
- Access to real-time financial market data through the Bloomberg terminal to augment courses in various financial markets

All of these services are regularly used by students to enrich their educational inputs and augment their learning while on campus.

## AUDITORIUM

To ensure holistic development of the students, we go beyond classroom sessions and conduct guest lectures, conclaves and cultural events. The palatial auditorium at IIM Sirmaur ensures worthwhile experiences for all the stakeholders such as executives, students, faculty and more.

- Premium auditorium acoustics
- Spacious and well-lit
- Enabled with pioneering technical equipment

## HOSTELS

The hostels 'Yajur' and 'Atharva' have twin-sharing rooms with all modern amenities required by the students for comfortable study circumstances. Hostels 'Vinayak', 'Karthik', and 'Kailash' are located outside the campus and are accessible by bus shuttle service provided by the institute.

- Well-lit and adequately ventilated rooms with attached washrooms
- Access to high-speed, lag-proof Wi-Fi facility
- Proper maintenance with the dedicated and trained housekeeping staff
- Located on the bank of the river Yamuna, rendering pleasant weather throughout the calendar year
- CCTV surveillance throughout the campus for safety and security

## SPORTS

*"Health is a state of complete harmony of the body, mind, and spirit." - B K S Iyengar.*

At IIM Sirmaur, we firmly resonate with the above. We believe in the importance of sports to combat mental fatigue and build discipline, confidence, team spirit, and accountability amongst the students. With this in view, we ensure the institute's availability of top-notch sports facilities

- Dedicated teams for various sports participate in inter-college competitions and have brought numerous laurels to the institute in the past
- Methodological space allocation and equipment availability allow the students to indulge in varied sports, namely football, cricket, badminton, volleyball, pool, snooker, foosball and table tennis, both at campus premises and hostel accommodation
- High-mast lighting of the field ensures safety of the students even during the night

## GYMNASIUM

*"Exercise is the key not only to physical health but to peace of mind" - Nelson Mandela.*

At IIM Sirmaur, we firmly believe that students should prioritise physical fitness along with their rigorous academics. To ensure this, we provide fully-functional gyms at all times.

- Availability of modern and essential fitness and training equipment
- 24X7 Gymnasium accessibility to students
- Separate gymnasiums present both on campus and in hostels
- Exclusive time slots for girls

# ABOUT MBA Programme

The Masters in Business Administration (MBA) Programme is a two-year, full-time residential programme. The programme fosters the holistic development of future business leaders by building strong fundamentals followed by focused expertise building. The curriculum is designed to provide the students with a perfect blend of academic skills and insights into the dynamic business environment.

The first-year coursework is spread over three terms comprising core courses explaining the management fundamentals using innovative pedagogy involving case studies, field immersion and interactive classroom sessions. The courses in the first-year curriculum are mandatory for all the students and are followed by a summer internship which is an integral part of the course as it bridges the gap between theoretical knowledge and its practical application. For the purpose of the same, the students are required to work on an industry project with an organisation for a period of eight to ten weeks.

The second-year coursework is spread over the next three terms in which students are offered elective courses across different functional areas such as Marketing, Finance, Operations, Information Technology, Human Resources and General Management. The students can opt for elective courses based on their preferences, provided they fulfil the minimum credit requirements for the programme. The students who successfully fulfil all the requirements of the programme are henceforth awarded the degree of 'Master in Business Administration'.

# Student Leadership

## Student Council

IIM Sirmaur provides students an opportunity to govern themselves through the Student Council. The Student Council of IIM Sirmaur comprises six elected representatives - The President, the Treasurer, The Infrastructure Secretary, The Sports Secretary, The Mess Secretary and the Cultural Secretary. In addition to serving as the students and the administration, the body takes an active role in providing constructive feedback on the various systems and processes at IIM Sirmaur. The council also works on promoting various academic and non academic activities that enriches student life at IIM Sirmaur.

## Placement Committee

Career building is an integral part of management education. The Placement Committee of IIM Sirmaur aims at building successful careers through the institute. In order to achieve its mission, the Placement Committee liaises with the industry and provides students with various opportunities to improve their career prospects. These include live projects, summer internships, guest lectures, final placements, industry visits, and panel discussions. Since the committee is completely student run, it offers its members an excellent opportunity to hone both their hard and soft skills.

Throughout the year, the placement committee is engaged in identifying and onboarding organisations with varied talent requirements and assisting organisations at all stages of the recruitment process. Additionally, the committee plays an important role in developing and maintaining a sustainable and long-term relationship with the corporate world through a plethora of engagement initiatives like summits, corporate competitions, and guest lecture series.

Colloquium, one of our prime guest lecture series, hosts distinguished business leaders, policymakers, and eminent entrepreneurs from firms such as Accenture, IBM, Capgemini and others. The event presents the students with a great opportunity to engage with thought leaders and visionaries on a rich vein of subjects; varying from complex leadership and strategic business challenges to the social impact of corporations. This helps to bridge the gap between the classroom learning and the real-world business problems through experts.

## Training and Development Team

The Himalayan IIM not only gives students a wide range of career options, but also guarantees total rigour in their professional growth from the very first day of their tenure at the Institute. This is where the training and development cell comes into the picture as the cell ensures smooth transition of the student's college to corporate journey by working with each student to make sure they take advantage of every opportunity available to them.

The cell has committed itself to enhancing the personalities and competencies of the students in preparation for the upcoming career opportunities. Its responsibilities include training the students each year to prepare them for Summer Internships and Final Placements. To accomplish this, the cell conducts various activities like CV vetting, mock interviews, mock group discussions, company-specific sessions, guest lectures, guidance on specific recruitment processes, and many more, which boost the confidence of the students and take their capability up a notch. These sessions are led by certified corporate trainers and industry mentors from renowned firms such as Accenture, DLF, and Ericsson amongst others.

In essence, the Training and Development cell bridges the gap between organisational skills and students' employability, bringing them closer to their dream job.

## Student Academic Committee

The Student Academic Committee (SAC) of IIM Sirmaur acts as an aide to the PGP office. The SAC assists in administrative activities by maintaining student attendance records, handling feedback and grievances regarding academics, and processing documents like student ID cards. The SAC also helps in academic activities by reviewing and modifying the course to provide students with industry-relevant coursework and facilitates the smooth conduction of exams. The SAC looks after the timely distribution of course material and constantly collects feedback about the institute's faculty and coursework. The SAC also mentors CRs to ensure maximum class participation and smooth operations of day-to-day class activities. It also keeps a check on students to maintain the utmost professionalism in and out of class.

## Infrastructure & IT Committee

The Infrastructure Committee of IIM Sirmaur is primarily responsible for the onboarding, hostel allotment, and resolving the inventory-related issues faced by the students on campus. The committee works with campus clubs and committees, assisting in their efficient operations by providing the necessary infrastructure, allocating designated spaces, and supervising their activity during college events.

Ensuring the maintenance of appropriate behavior on campus in accordance with college rules and regulations is also the responsibility of the Infrastructure and IT Committee. The team is committed to working tirelessly to resolve the daily issues faced by students, such as procurement of inventories, seamless internet connectivity, and maintenance of the hostels and campus. The Infrastructure Committee aims to provide world-class facilities to everyone on the campus by acting as a bridge between the students and the administration.

## Sanskriti The Cultural Committee

Intending to enrich the quality of India's distinctive culture and heritage and enlarge social circles, Sanskriti - the Cultural Committee cherishes diversity by celebrating festivals like Eid, Holi, Diwali, Christmas and Onam. It is also responsible for conducting IIM Sirmaur's flagship inter-college Annual Management, Cultural and sports fest, Sierra, where students from more than 450 colleges actively contribute and participate. By creating a homely aura on the campus, Sanskriti constantly works towards uplifting the students' spirits. It provides a platform for students to hold social gatherings and relish with each other in their leisure amidst rigorous academics. 'Festival of mountains' is the general tagline of the fest and this year's theme was 'Colorful Odyssey'. The committee also frequently engages students in activities like open-air jamming and fun games.

In essence, Sanskriti constantly works to increase awareness about different aspects of diversity inclusion and strives hard to inspire young minds to imbibe the values embedded in it irrespective of the students' diverse backgrounds.

## Mess Committee

The Mess Committee serves as a link between students and their homes when it comes to food. It always looks forward to providing the students, faculties and staff members with a diverse and devouring food menu that undergoes monthly updates. During the festive season, it ensures that the students feel at home by providing authentic cultural and festive dishes, including food specific to the fasting season. If seen fit, the committee also entertains special requests and cooking assistance from the students and even lets them cook whenever they can contribute. Furthermore, in order to foster the network building and open communication culture, the Mess Committee also regularly organises outdoor Food Nights.

The Mess Committee takes care of each meal's quality, hygiene and nutritional value. Furthermore, with sustainability at its core, it works towards minimizing the wastage of food. The committee also receives feedback regularly from the students about the food and mess so as to update the operations accordingly. Along with the constant support of the administration in procuring all sorts of infrastructural help to serve the students, the mess committee truly works towards keeping the force of IIM Sirmaur nourished.

## **Industry Relations & Sponsorship Committee**

One of the foremost functions of a business school is building relations to propel the organic growth of the Institute by connecting to industries across the country.

The Industrial Relations and Sponsorship Committee (IRS) is committed to establishing and upholding a higher level of relationship standard between IIM Sirmaur and the industries and corporate organisations. The Committee acts as a bridge between the student community and the industries. It brings in live projects from esteemed organisations and subsequently enables the students to put their academic knowledge to the test. It also organises guest lectures and industry visits for the students, allowing them to understand, appreciate and actively pursue industry requirements. Such practices also help industries in leveraging the high-potential student community to address their problems.

The committee works towards building a strong network with the industries to cater to various needs arising in this VUCA world. Further, the committee channelizes its relationship with the industry to offer them a platform for sponsorships and promotions for various events conducted in the Institute around the year.

## Sports Committee

One shouldn't let success diminish the desire to be a winner. There's always room for improvement in every sportsperson. The lessons learned in the field help in developing leaders of tomorrow. The Sports Committee of IIM Sirmaur is devoted to providing top-notch sports facilities to relax after the hectic academic curriculum and help the students remain mentally and physically fit.

The Sports Committee organises various intra and inter-college sports events, from IPL auctions to the annual cricketering extravaganza Sirmaur Premier League, to name a few. The committee recently inaugurated two practice pitches and added them to the already extensive sports Catalogue of a Football Ground, Badminton Court, Volleyball Court, Gym, and other indoor sports facilities such as Table Tennis, Football, Snooker, and Pool Table.

The Sports Committee is dedicated to further building the sports infrastructure at IIM Sirmaur and promoting a healthy competitive sporting spirit among all the students.

## Alumni Cell

Alumni are the prized possessions of any institute. The Alumni cell at IIM Sirmaur acts as a liaison between the alumni and the institution. It provides a mentorship platform through its "Reminiscence" series, where the students learn from the alumni via live projects, guest lectures, and Industry visits.

The Alumni cell also maintains the "Alumni Portal" where the alumni can share their knowledge, latest developments and accomplishments. This helps students explore the breadth of opportunities to connect with their fellow alumni and with IIM Sirmaur, gaining several advantages such as social and professional networking, continuing education, and career counselling.

The Alumni Cell is further working towards organizing events that will give the institute more benefits, such as Alumni Chapter Meets, Campus Reunions, Business Conclaves, Engagement Competitions for Alumni, etc. With a vision that aims to coalesce the IIM Sirmaur fraternity, the Alumni cell ensures a symbiotic relationship between the alumni base and the Institution.

## Entrepreneurship and Incubation Cell

The Entrepreneurship and Incubation Cell of IIM Sirmaur has dedicated itself to fostering an entrepreneurial spirit among the students. It serves as a platform for the students to demonstrate their entrepreneurial skills and convert their ideas into business realities. With an aim to create an ecosystem for the startups ready to be launched by our student community, it facilitates guest lectures, regular workshops, mentoring from industry experts, and networking with Venture Capitalists to nurture and enrich budding entrepreneurs with all the resources.

The cell sows sustainability seeds at the core of our ecosystem to bring a startup revolution that can bring change in society while reaping the fruits of success along with nation-building.

Since its time of inception, it has become an epicenter of innovating business ideas and converting them into actual working businesses through these guiding steps:

- Ideation phase: Compile and organize the canvas of raw ideas into a goal
- Planning phase: Mentorship from industry experts in a specific domain to define the journey and its milestones
- Validation phase: Guidance and interaction with mentors (CXO's and business coaches) to check engines before the ship leaves the dock
- Launch phase: Legal and documentation assistance along with measuring all the important parameters to launch the startup
- Execution phase: Continuous monitoring and help on different problems and working on the solutions to validate

The cell has so far, successfully onboarded 12 new start-up ideas and is working rigorously to attain the Atal Incubation Centre status. The E&I cell has also started partnering with a law firm for its smooth functioning.

## **SANKALP** The CSR Cell

Sankalp, the CSR Cell of IIM Sirmaur, embodies the Institute's spirit of significantly contributing to society by enabling each member of the student body and the IIM Sirmaur family to become a socially responsible and conscious citizen. Sankalp believes in making a difference in the lives of the underprivileged through donation campaigns and organising various national-level CSR events.

Recently, Sankalp partnered with a local Government body to assist the SHG in developing a Sustainable Model of Waste Management and sprang into action against floods in Bihar and Assam. It was also honoured to host two Padma Shri Awardees, Dr Praksh Baba Amte and Dr Janak Palta, to speak about "Wildlife Protection and Village Development" and "Sustainable development." Aside from these events, the cell also hosted a panel discussion on "Plastic Waste Management," a clothing donation drive for adjacent slums, and a mini-marathon called "UDVEG: Run for Unity" under the auspices of the Ministry of Human Resource Development.

Sankalp aspires to be a force for good in society and a catalyst for change. The community outreach effort aspires to stay true to its slogan, 'Sowing Hope into Lives,' and make IIM Sirmaur an institute that cares, thanks to the dedicated services of IIM Sirmaur students.

## **Media Cell**

The Media Cell at IIM Sirmaur is a student-driven body responsible for creating and nurturing the brand image of the institute amongst external stakeholders. The cell manages the social media presence of the institute on multiple platforms like LinkedIn, Twitter, Instagram, Facebook and YouTube channels; creates strategic campaigns delivered through creative content representing the institute's pedagogy. The Media Cell handles the branding of IIM Sirmaur by offering end-to-end solutions for the institute's official merchandise.

The Media Cell facilitates communication between prospective students and the administration during admission season by forming the admissions committee with volunteers. They also handle the coverage of the various events organised by other student bodies and the administration.

# Domain-based Clubs

## **MARKAIZEN** The Marketing Club

Markaizen, the marketing club of IIM Sirmaur is highly creativity and innovation-driven. It aims to ignite a deep interest in the field of marketing amongst enthusiasts. The club organizes a wide range of events such as guest lectures, conclaves, quizzes, simulation games, and online competitions. These events provide students with a platform to put theoretical concepts to the test and get exposed to new ideas and fresh insights in the marketing world.

Through its events spread across the year, Markaizen aims to deliver practical applications of marketing with a fun element attached to them. By fostering creativity and encouraging unclined solutions to marketing concerned bulwarks, Markaizen brings out the original and strategic sides of all student participants. Adding to this, in the spirit of encouraging knowledge building, Markaizen recently started 'Marketing Mandli', an initiative to promote open discussions, on recent marketing trends, amongst the students.

# MDP & Workshops

## BIG DATA ANALYTICS FOR EVERYONE

“Big data and the analytics based on it promise to change virtually every industry and business function over the next decade. Learn how to use it to drive success at your company” (Harvard Business Review, September 2020).

### Abstract

The recent explosion of social media and the digitization of every aspect of life has resulted in the creation of mountains (big data) of digital data, mostly unstructured, in form of web logs, videos, speech, photographs, e-mails, Tweets, and others. The proposed workshop is aimed to impart practical hands-on skills on such data forms to uncover the hidden treasure on a relevant business and/ or policy issue. The objectives of the workshop are to provide hands-on learning experience on collecting the data, conducting big data analysis, and identification of critical issues from it. The workshop is also envisaged to provide the principle and working knowledge of Python on Jupyter notebook using Anaconda distribution.

### Outcome

On the completion of the workshop participants shall be equipped with enough confidence and skill to conduct the independent big data analysis on the topic of their interest, including data collection, data pre-processing and data analysis. Data collected and its analysis is expected to enrich in various ways to the existing ongoing research projects of the participant. All the participants shall be awarded e-certificate.

### Course Content

- Introduction to Big Data and Big Data Analytics
- Identification of the sources of big data to extract meaningful conclusions
- Introduction to Natural Language processing (NLP) and its role in business management.
- Software Training for Big Data Analytics (Anaconda, Jupyter Notebook, and Python).
- Individual assignments to the participants on collection and analysis of data.

### The workshop shall consist of 4 sessions of 90 minutes each. The proposed session plans are as follows

- **Session 1:** Preparation of software support for the workshop, Anaconda installation and basics of Python
- **Session 2:** Basics of Natural Language Processing (NLP) and its role in social media analytics
- **Session 3:** Collection of social media data and its preprocessing for further analysis
- **Session 4:** Critical analysis of the collected data for decision support

# Guide to Summer Placements

## For The Batch of 2022-24

The organizations can start inviting applications any time after the Pre-Placement Talk (PPT) and/or confirmation of participation in the Summer Placement Process. The details of the job offer such as profile, remuneration and location must be provided before applications are invited. Consequently, an invitation letter will be mailed to the organization confirming the date and time at which the Selection Process will take place. The organization is required to communicate the detailed process requirements (number of selection rounds, panels, and process specific requirements) at-least 3 days prior to the placement process.

### Pre-Placement Talks

The Pre-Placement Talk (PPT) helps companies and students interact with each other. The representatives of companies share the profile of their company, key aspects of business, work environment and opportunities available to the students. The presentation is followed by a Q&A session, where students interact with company officials to get a better understanding of the company and potential roles. A typical PPT session is scheduled around 90 minutes.

### Applications and Shortlists

In response to job descriptions floated by companies, interested students apply through the Placement office. A detailed resume is submitted by the students as part of the application process. On the basis of student applications, companies are required to send shortlists to the Placement office prior to their final placement interviews.

### Placement Interviews

The summer placement process is expected to be conducted over a period of time from October 2022 to March 2023. Companies can interview the students they have shortlisted, on the date agreed upon by the Placement office and the company. The summer placement interview gives the company and the student an opportunity to discuss the role in detail and make the right choice. The companies are allowed to meet students prior to their allotted final interview date and carry out preliminary assessments.

### Offers and Acceptance

The company can make an offer to the student after the final interview. For an offer to be valid, it should include details of role, location, remuneration, and other relevant terms and conditions required by the candidate to make a decision. The offer is communicated by the company to the Placement office, which in turn communicates it to the selected student. The acceptance of an offer is governed by placement rules of the MBA Programme which are framed at the beginning of the academic year.

# Industry Speaks

I thoroughly enjoyed my interactive session with the students of IIM Sirmaur at the Ankuran (HR Conclave). Today India is marching ahead in the global arena. We see Indians occupying apex positions at various large MNC organizations in regular frequencies. Huge number of start-ups with the likes of OYO Rooms, Make My Trip, Zomato, Swiggy are being launched everyday with scalable business models. India has become the hub for quality Human Resources for the entire world. In this context a session dedicated to innovative HR practices made a lot of sense and it was a pleasure listening and interacting with so many bright Senior Industry Leaders, the IIM Sirmaur Director & erudite Professors and sharp young minds of IIM Sirmaur. I wish to take this opportunity to thank the students for a hugely successful event and look forward to many more.

**Mr Abhra Rajib Banerjee**  
Former Vice President and SBU Head  
Havells India Ltd.

The new batch from IIM Sirmaur, in this limited period have shown positive and encouraging signs in adapting, adjusting and integrating yet keeping their individual uniqueness intact.

Trust the Institute builds on this further and positions itself as a preferred destination for Corporates to source their future talents

**Mr Partha Dasgupta**  
Former Chief Mentor  
Reliance Industries

The first-hand experience at IIM Sirmaur was indeed very pleasant. The quality of candidates whom we interviewed were good in terms of knowledge and had a wide array of interest and domain know-how. And the best part about students of IIM Sirmaur is their attitude which we found to be excellent and definitely a differentiator. We could clearly see that your institute, being very new, carries all the substance to make it to India's Ivy league in academics.

And we are sure that with the kind of management and structure that you have you will soon achieve bigger milestones.

**Mr Surindam Dutta**  
HR, North & East  
Schindler

I loved interacting with the bright students of IIM Sirmaur. I think IIM Sirmaur has a good headway in making a mark among the newer IIMs.

**Mr Abhisek Nag**  
HR Leader  
Reliance Industries
