As MBA schools in the country wrap up another calendar year, commencing their next round of admissions, National HRD Network and Shine.com have released the 6th edition of their annual B-School Ranking for the year 2018-19. In the year 2012, NHRD launched the country's first only B-School Ranking which was entirely based on data, authenticated and validated, as their commitment towards enhancing the standards of professional education and contributing towards the people's development goal in the country.

All the stakeholders (Industry and Academia) increasingly look forward to it being the most authenticated ranking in the country.

Some of the key attributes that make Shine.com & NHRD's B-School ranking the most trustworthy and consistent list, year after year, are:

### COMPLETE DATA VALIDATION

The NHRD & Shine.com B-School ranking is the only one in the country wherein 100% of the participating B-Schools are visited in person by the research team, which includes one or more senior professionals from the industry. This data validation process helps NHRD to address and allows NHRD to understand the softer aspects of leadership and Governance in the B-Schools.

### RECOGNIZING EMERGING B-SCHOOLS

The B-School ranking also focuses on the 'Emerging B-Schools' category in which new business schools from which 5 batches are yet to pass that are performing well are recognized. The list also highlights the best practices that make these schools stand out.

### EXPERT RESEARCH PARTNER

This year, NHRD and Shine.com along with research partner, Cinque Education Pvt.Ltd.

The research team also consists of senior professionals from companies such as Maruti Suzuki India Ltd, Oracle, Samsung, Fortis HealthCare, FIS Global,
